Sherwood School 2011

Strategic Plan

Mission Statement

"Educate, challenge, achieve"

We see our school as a learning community based on shared values and expectations with the staff and parents working together to enable our students to achieve their full potential. We will help student's develop caring values by encouraging them to: make 'right choices', to treat each other as they would wish to be treated and reflect on how their actions effect others.

Vision

"Exceeding expectations in a rural environment"

Students participating in local, national and international academic, cultural and sporting events.

Students wanting to learn and just doing it.

Students are confidently contributing to community life.
